

What can you see?

CLOUDS

What can you see? - Clouds is a free children's mini ebook created by Richard Sollorz.

With many weekends spent outside with my son, Logan, staring at the sky and talking about what we could see within the clouds, I realised how important it is to not only spend that time together but how amazing a child's imagination is.

The ebook contains a number of photographs of clouds and to see what they can see within it. At the end of the book, I have provided some examples of what I saw.

This ebook is to not only reflect these lazy sunday afternoons but also to hopefully encourage and inspire other children to take the time to look up and imagine.

All images are copyright of Richard Sollorz and *Richard Sollorz Photography*.

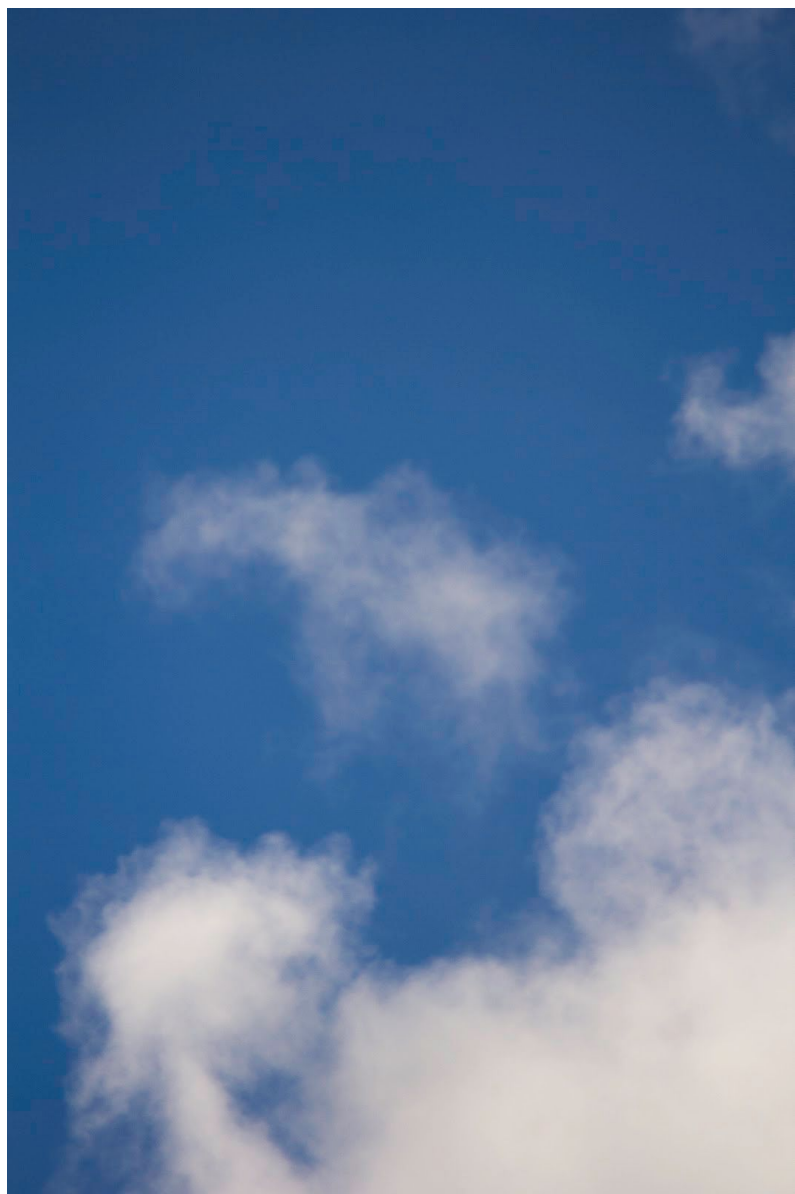

This ebook is available only from the facebook page of www.facebook.com/richardsollorzphotography.
